

THE DISC BRAKES

"SAVE ME"

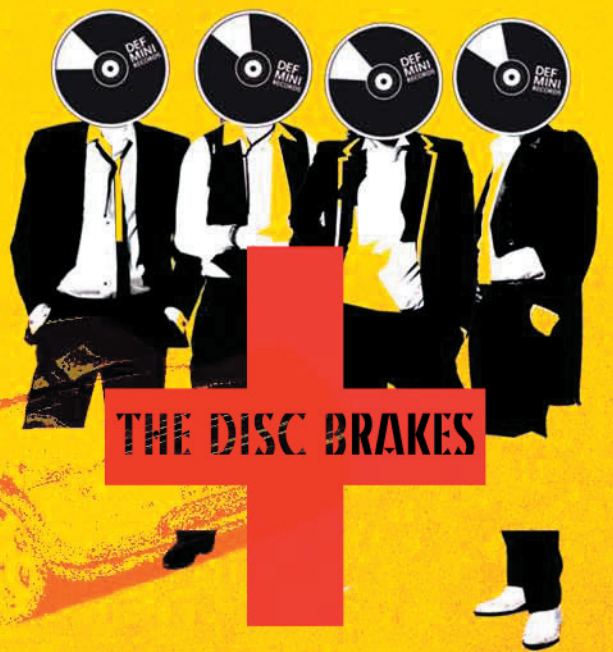

Staring at the edge break me in
One road one curve the perfect blend
The ABS won't let me end
These wheels won't lock I'll always win

Save me / Save me / On sharp corners
Save me / Save me / At a split second

Keep driving these streets I won't miss
Cornering control's not a myth
Can't stop don't stop I will not quit
Won't bust won't ditch won't crush won't hit

Save me / Save me / On sharp corners
Save me / Save me / At a split second
